

Codeathon (Powered by: [HackForge.ai](https://hackforge.ai))

Event Execution Document-----Event Details

- **Event Title:** Codeathon
- **Event Platform:** Hackforge.ai
- **Duration:** 7 Hours (10:00 AM – 5:00 PM)
- **Format:** On-Campus Codeathon powered by a Digital Codeathon Platform
- **Event Dates:** 27th March 2026 (Single Day)
- **Venue:** IIT Hyderabad
- **Participants:** 300 Developers (60 Teams)
- **Digital Platform:** All codeathon activities will be hosted on [Hackforge.ai](https://hackforge.ai)

1. Event Overview

The **Codeathon** is a **7-hour coding sprint** where participants collaborate to design and build technology-driven solutions around a defined theme. The entire codeathon lifecycle—registration, team formation, mentor interaction, project submissions, and judging—is managed digitally through the **Hackforge.ai platform**.

This platform ensures:

- Structured codeathon execution
- Transparent submissions and evaluations
- Real-time tracking of projects
- Seamless mentor and judge engagement

Participants will build **working prototypes and present their ideas** to a panel of industry experts and judges.

2. Codeathon Theme

Theme: AI for Sustainable Future

Participants will develop solutions using technologies such as:

- Artificial Intelligence
- Machine Learning
- Data Science
- IoT
- Cloud Applications

All problem statements and resources will be published on [Hackforge.ai](https://hackforge.ai).

3. Codeathon Agenda (7 Hours)

- **10:00 AM – 10:30 AM: Check-in, Team Formation & Verification**
 - Activities: Participant check-in, welcome kit distribution, and **final team formation/confirmation on the Hackforge.ai platform.**
- **10:30 AM – 11:00 AM: Opening Ceremony & Theme Announcement**
 - Agenda includes: Introduction to Codeathon, announcement of the Theme, Sponsor introductions (brief), agenda overview, Dos and Don'ts, and a platform walkthrough of **Hackforge.ai**.
- **11:00 AM – 3:30 PM: Codeathon Coding Period** (4.5 hours of dedicated development)
 - Participants begin working on projects and submit updates through the platform.
 - 1:00 PM – 1:30 PM: Working Break (Lunch/Snacks)
- **3:30 PM – 4:00 PM: Submission Deadline**
 - The submission portal on [Hackforge.ai](https://hackforge.ai) closes.

- Required uploads: Code repository, short demo video, and brief presentation deck.
- **4:00 PM – 5:00 PM: Judging Period & Closing Ceremony**
 - Judges conduct rapid evaluation of projects using the **digital scoring system on the platform**. Announcement of results and closing remarks.

4. Judging Criteria

Criteria	Weightage
Innovation	25%
Technical Implementation	25%
Impact	20%
Feasibility	15%
Pitch & Demo	15%

5. Expected Outcomes

- Real-world technology prototypes
- Talent discovery for companies
- Innovation ecosystem engagement
- Industry-academia collaboration
- Startup and product ideas

6. Role of the HackForge Platform

The [Hackforge.ai](https://hackforge.ai) platform powers the entire codeathon process.

Platform Features Used During the Event

- **Before the Codeathon**
 - Participant registrations
 - Problem statement publishing
 - Communication with participants
- **During the Codeathon**
 - Project updates
 - Mentor interaction
 - Workshop announcements
 - Resource sharing
- **Submission Stage**
 - Code repository links
 - Prototype demos
 - Presentation uploads
 - Final project submissions
- **Judging**
 - Judge dashboards
 - Evaluation scorecards
 - Automated scoring aggregation
